6 Kormaran K7

Capable of transforming from a monohulled speed machine to a trimaran party platform, the Kormaran K7 is sure to turn heads at this year's Monaco Yacht Show.

This eye-catching superyacht tender can be fitted out with a wide range of engines delivering up to 900hp for a top speed of nearly 50 knots. And for the ultimate in dayboat comfort, the Kormaran can also switch into foiling mode for a super-smooth ride at nearly 40 knots.
